

CWA LOCAL 3640

December 10, 2020

Greetings Brothers and Sisters;

As we end this year with a glimmer of light that a return to a relatively normal world is on the horizon, we look to strengthen the partnership we have with American Airlines in addition to continuing efforts to strengthen our Union. We will continue to seek direction from our District and National leaders while setting an example of leadership within our own local. We strive to lead from behind, meaning that our efforts are always a reflection of your voices. We all share the common goal of wanting to secure a future for those closest to us, and when we combine that love into a channeled effort, more is accomplished.

“Never stop looking up!”

In Unity.

Keedren Gantt

President CWA Local 3640
